Your Nature and Temperament

With Leo rising and the Sun in its own sign in the first house, you carry yourself with natural dignity. People tend to notice you when you walk into a room, even when you are not trying to be noticed. The lagna lord sitting strong in the lagna gives steady self-belief and a clear sense of what you will and will not accept.

Jupiter and Venus share that first house with the Sun. Jupiter adds warmth, fairness and a teacher's instinct; Venus adds grace, taste and an eye for beauty. Together they soften Leo's pride into generosity.

Your Moon is exalted in Taurus, in Kritika nakshatra. Emotionally you are steadier than most: you like routine, good food, familiar people and a home that feels settled. Kritika gives the Moon a sharp edge, so when something is unfair you say so plainly, and you rarely change your mind once it is made up.

Strengths and Patterns

What comes naturally

- **Leadership with warmth.** Sun in its own sign in the lagna, joined by Jupiter, is a Raja Yoga combination: the lords of the first and fifth houses together in the first. You are at your best when you are trusted to lead.
- **Steady nerves.** An exalted Moon in the tenth house keeps you calm in public situations and gives a good reputation over time.
- **Drive in your work.** Moon and Mars together in Taurus form Chandra-Mangala Yoga, which links feeling to action. When you care about something, you work hard for it, and income follows effort.

Patterns to watch

- Saturn, retrograde and in its own sign in the sixth house, makes you take on more than your share. It gives the strength to win long contests (Harsha Yoga), but it also asks you to rest before you are exhausted.
- Mercury in the twelfth house makes you think a great deal in private. Speak up earlier; your ideas are better received than you expect.

Your Current Period

You are in the **Rahu mahadasha**, which began on 11 November 2013 and runs until 12 November 2031. Rahu sits in your fifth house in Sagittarius, the house of learning, creativity and children. This has been a long stretch of reaching for something new: unusual studies, a field your family did not expect, or ideas that set you apart.

Within it, the **Venus antardasha** runs until 31 May 2028. Venus rules your tenth house of career and sits in your lagna, so this is a visible, outward period: recognition at work, more contact with people of influence, and attention to how you present yourself. It favours partnerships and agreements that are written down.

From 31 May 2028 the **Sun antardasha** begins. As your lagna lord, the Sun turns the focus back to you: health routines, confidence and decisions you make on your own.

Guidance and Remedies

For the rest of the Venus antardasha, put your work in front of the people who matter and do not undersell it. Keep agreements in writing.

Simple remedies

1. **For Rahu:** recite *Om Raam Rahave Namah* 108 times on Saturdays, and keep your commitments small and steady rather than taking sudden leaps.
2. **For Venus:** on Fridays wear something white or cream, and give rice, sugar or a sweet to someone who needs it.
3. **For Saturn:** help an elderly person, a worker or someone who serves others, quietly and without expecting thanks. A short walk at dawn on Saturdays helps too.
